

Solar Saver SE-500

Solar powered battery trickle charger (7.75W)

- Perfect for medium sized Boats, RV's, Trucks and Tractors.
- Protects against natural battery discharge and electronic drain.
- No more worries about dead batteries.
- Can also charge portable batteries such as deer feeders, gate openers and more.
- The Sunsei Solar Saver provides immediate trickle charge when exposed to daylight even on cloudy days.
- Engineered to maintain and increase the life of your deep cycle batteries.
- Push button touch action indicator lets you know that the panel is working.
- Will never overcharge your battery meaning no need to buy a charge controller.
- Totally weather resistant.
- Quick connect allows user to easily connect multiple panels together for increased power with no tools needed.
- Mounting hardware included. Compatible with the Sunsei Solar Grip Pole mounting system.
- Comes with multiple wire adaptors to attach the charger to different connectors.
